Chad Poole

Sports Medicine Professional
301 N. Acacia Ave.
Ripon, CA 95366

Dear Mr Poole,

I am writing in hope of applying for the opening you have as a Sports Medicine Physician. I believe that my education and many different internships will lead me to success within this field of work.

I've been pursuing my Bachelors of Science in Kinesiology with a minor in Nursing from Boise State University. While attending this prestigious University I have been blessed with the opportunity to intern for some Local practice alongside the Bosie state athletic program. Within these scenarios I have had hands on experience while being supervised by an esteemed physician.

I believe that with my personal goals of bettering those around me and Helping those in need alongside my different qualifications of schooling and hands on experience, I believe this position would be a perfect fit.

If you would be so kind as to review the attached resume to verify my internships, schooling, and accomplishment. I Will be following up to schedule an interview at your earliest convenience.

Sincerely,

Jacob Curless
